And Forgive Us Our Trespasses

A trespass is when you break a rule. If you break your parents rule they can forgive you. If you break any of God's rules only HE can forgive you. Breaking one of God's rules gives you a special reason to pray.

Hurting people and breaking rules are **trespasses**. Our trespasses (sins) hurt God so we should repent and ask him to forgive us.

Repent means to say: "I'm sorry I did wrong. Please help me do right."

The GOAL of God's discipline is repentance. The moment a child repents and turns to HIM with a trusting heart is such a BIG DEAL that even the angels rejoice. We human parents could learn from that example celebrate more when our kids do right things.
